

CUDAHY DROP-OFF SITE CHANGES

Effective June 1, 2010, the City will no longer collect or receive items that contain or have contained refrigerants (i.e. refrigerators, dehumidifiers, air conditioners). Refrigerant Recovery, Inc., 1125 W. National Avenue, Milwaukee, 643-7740 will accept these items.

Effective August 1, 2010, roofing materials will no longer be accepted at the site. The purpose of the Cudahy Drop-off site is to provide a residential disposal service. It is not to subsidize a house remodel or roofing project. A dumpster is a better choice for this type of work.

Effective September 1, 2010, computers and electronic items will be banned from landfills by the state. This will include computers, printers, video display devices, monitors, televisions, DVD players, VCR's, video players, and telephones. If you are replacing any of these items, please talk with the retailer about disposal of your old television, keyboards, and monitors.

Emerald Ash Borer has been found in the City of Cudahy. As a result, the WI-DNR has determined that the City no longer may give out mulch and firewood until further notice. No firewood can be transported out of Cudahy.

We apologize for any inconvenience this may cause our citizens and we appreciate your cooperation.
